

# The Daily Bulletin.

SATURDAY, DEC. 9, 1882.

## THIS DAY'S DOINGS.

### MORNING.

Mr. Adams will sell Real Estate, at salesroom, at 12 o'clock.

### AFTERNOON.

Concert at Emma Square, at 4:30.

### EVENING.

Gospel Temperance Meeting, at Bethel, at 7:30.

### TO-MORROW.

Bethel, Rev. Dr. Damon, morning.

Fort St. Church, Rev. J. A. Cruzan, morning and evening.

St. Andrew's Cathedral, Rev. G. Wallace, morning and evening.

### THE LEPER HOSPITAL.

The enlargements, additions, and general improvements to the Leper Hospital at Kakaako, of which the P.C.A. informed the public a few days ago, and which, we understand, are now being effected, were not undertaken before they were required, and will not be completed any too soon. Everybody who has any knowledge of the place and its condition, knows how pressing is the need for increased accommodation. No humane man will accuse the Government of wrongful use of public money, in making every possible provision for the segregation and maintenance of the unfortunate lepers; but thoughtful men may, and do, question the wisdom of expending any more in that particular locality. We see no reason for altering the view we expressed some months ago, that the Leper Hospital is out of place where it now is. A former Board of Health incurred the responsibility of placing it there, but the present Board would correct a huge blunder by removing it to a neighborhood more remote from the city and harbor. We do not see the consistency of objecting to the "pretentious organ of planters" sending a picture of our national calamity abroad, whilst maintaining a standing advertisement at our harbor's mouth at home. If the picture does not deter "visitors and capital" from coming to our shores, the standing advertisement will help to scare them away when they do come.

### EMMA SQUARE CONCERT.

The Band will give a concert at Emma Square, this evening, at 4:30 o'clock. Following is the programme:

March—Ka Moi Kalakaua.....Berger  
Overture—King Stephen.....Beethoven  
Serenade—Birthdays.....Eisold  
Selection—Don Carlos, (new).....Verdi  
Selection—Scotch Songs, (by request).....Maanen

#### CORRESPONDENCE.

Correspondence is solicited on the topics of the day, or what may become so. We reserve the right to excise purely personal matter.

We do not hold ourselves responsible for the opinions expressed by our correspondents.—Ed.

Mr. Editor:—The *Friend* for December says: "We are heartily disgusted with the flippant and scoffing manner in which many refer to the evangelization of the Chinese."

I hear something of what is said on this topic upon the street, and feel safe in saying that the flippancy and scoffing is not so much in reference to the possible evangelization of John, as it is to the constant prating of what we are doing with John by a brace of enthusiasts who are almost new to the work; while an earnest Christian worker who has devoted much of his time to the education of Chinese for fifteen years past, and who will probably continue to do so, is completely forgotten when laudatory notices are published. Let us have less laudation and more work in this good cause. BELIEVER.

## LOCAL AND GENERAL ITEMS.

YESTERDAY morning there were strong signs of a *kona*, but the indications disappeared before noon.

The brig North Star, 71 days from Newcastle, came in yesterday, with 555 tons of coal.

The attention of our readers is specially directed to the advertisements in to-day's supplement.

THE J. D. Spreckels brought some fine stock down this trip—9 horses, 14 cows, and 6 mules.

We learn that the Foresters will give their first anniversary ball on Wednesday week at the Music Hall.

THE Hope was discharging her cargo from 'tween-decks yesterday, so that visitors have an opportunity of inspecting her.

THE One Price Mechanic's Bazaar opens to-day for the first time. We direct special attention to the facts stated in the advertisement in another column.

The Mail for San Francisco, per H. W. Almy, closes at the Post office, at 11 o'clock this morning. All Letters marked "per Almy" will be forwarded.

WHILE the Road Supervisor is filling up the holes in the streets, he might extend his oversight to those in Merchant and Queen streets, from Fort street to the Government building.

Yesterday's *Tier* says there were no person authorized to take acknowledgments to labor contracts in town on Wednesday last. Mr. S. M. Carter informs us that he was in town then. Where, then, is the truth in the above quoted statement.

Is the Premier purposely absent from the Foreign Office to avoid unpleasant communications in reference to the proposed new treaty with France, which has not been arranged for?

We have called the Road Supervisor's attention time after time, to the holes in King street beyond the soap-works. The road has been mended on both sides of it and still it is not attended to.

Mr. Cruzan will preach a sermon, Sunday morning, to young men, suggested by the death of the late George Bradley Bishop. In the evening he will give, as a prelude, a brief address on "Charles Darwin and Christianity," and follow that with a brief sermon on "Genesis and Geology."

We have again to notice the inaction of the Government in not causing the branches of those trees which overhang the roads to be trimmed. The complaints of carriage drivers, horsemen, and pedestrians on this matter are loud and long, but apparently they do not reach the ears of the Ministry.

It is a matter of complaint that persons attending Fort Street Church and having carriages do not wait to bring out their horses till the footpaths are clear of pedestrians. In bringing out their horses they block up the footpath and make it unfit for ladies to walk over.

We hear that a new appointment has been made by the Government. To placate a certain individual who recently resigned his position, they have created an entirely new office. As we think the office was needed we do not blame them, but we do think they should have been more open about it.

We understand that 30 lepers will be sent off to Molokai to-day, and that new buildings are being put up in the Branch Hospital to afford accommodation for about 50 lepers. This will make room for 80 lepers who are now at large to be sent to the Branch Hospital, but as we hear that the police were sent after 4 known lepers this week but failed to find them, we feel doubtful as to any more being caught after the *Tier's* editorial of warning.

A RUNAWAY happened yesterday afternoon at 4:30 p.m. A dray belonging to Lewers & Cooke was fastened amongst the lumber on the wharf opposite the Custom House. By some means the rope was unfastened and the horse bolted. In its passage up Fort St. it knocked down the iron lamp-post in front of Lucas' Playing Mills. It did no other damage though several teams were in the road. It was smartly stopped by a native policeman named Makaimai at Hall's corner.

Mr. MELLIS re-opens to-day with a fine new stock of goods. Every purchaser of at least one dollar's worth, will receive a handsome palette or plaque with a beautiful colored design on it.

We direct our readers' special attention to the supplement presented with to-day's issue. It contains a variety of interesting reading, which, owing to pressure on our space we have not been able to get into our columns from day to-day. This supplement is the first of a series of four to last during the Holiday season. The future ones will contain various articles written by some of the best writers in the Kingdom on interesting subjects. We will have a few copies of each specially struck off on superior paper, and suitable for presentation to friends or preserving as mementoes.
